Mobile App SDK ONLINE BAZAAR development plan is shared and discussed with the Project Team of THE WEBCLOUD which shall be called herein after as MOBILE DEVELOPERS with the following Team members named mentioned below.

Mobile Development Company	**THE WEBCLOUD**
Objective	Be Entrepreneur, Think Entrepreneur
Project of Company	SDK ONLINE BAZAAR PVT LTD
Contacting Person	Mr. Syed. Danish Khalid

This Development plan is the project of SDK ONLINE BAZAAR PVT LTD Incorporated in 2021 Corporate Unique Identification No: 0168768 under company Act Section No. 16 of 2017 in Pakistan.

Programming Language of the Mobile Apps shall be disclosed in written and Coding ownership remains and belongs only to SDK ONLINE BAZAAR PVT LTD and not others entity at any circumstances.

Server shall be determined at the successful completion of the Development Phase which includes the initial maintenance period of not less than its first year to fix an errors or bugs any further services required SDK ONLINE BAZAAR PVT LTD will determine to continue with **The Webcloud** on pay basis which at the time of further maintenance charges shall be determined.

Project is confidential and at any circumstance is the responsibility of THE WEBCLOUD to protect its ideas and content as per THE WEBCLOUD NDA signed on March 10, 2021 of which mentioned brief herewith underneath. SDK ONLINE BAZAAR PVT LTD ought to not compromise if any of the content mislead or confidentiality of the project is disclosed to any non related party, in case of any dispute either party is oblige to get to the relevant legal authorities of the country to resolve disputes.

The protection of SDK ONLINE BAZAAR PVT LTD project, Idea and content is the sole responsibility at both conditions - first if it is considered and entrusted project to THE WEBCLOUD as Developer and second if it is for some reasons rejected to grant contract to THE WEBCLOUD and therefore choose as per the SDK ONLINE BAZAAR PVT LTD Directors and Company Secretary suggestions to appoint and assign the contract to any other App Development company.

Note: Picture content used in the project documents just for exemplary purposes and doesn't have any concern over any other company private documents and there features to be stolen theft or for any non ethical purpose.

Content of the project:

The references shown below are two (2) main areas of mobile app auto-integrated with each other to provide singular solutions at both end.

References

Project References

Applications	Document identifier	Document Title
Entrepreneur	E - A1	Be Entrepreneur, Think Entrepreneur
Food Entrepreneur	FE-A1	House Wives (candidate)/ (ghar ka khana)/ Restaurant
Marriage Bureau	MB-A1	Looking for life partner
Hunters	H - A2	Entrepreneur developer – You are an Entrepreneur

ENTREPRENEUR (E – A1) / (FE-A1)/ (MB-A1)
Be Entrepreneur, Think Entrepreneur/ Home Based Wives (candidate)/ Looking for Partner

1- **Entrepreneur (E – A1)** is further divided in to two (2) categories Skilled and Non Skilled with the categories mentioned below under point No. 16. **Similar would be for Food Entrepreneur (FE-A1) and Marriage Bureau (MB-A1).**

2- Virus card must be installed to keep it protected (if require) from any type of Virus/ hackers and web bugs - Recommendation required at successful completion of project.

3- Main Language to be used is English and develop in a way where other languages could also be added (at initial stage/ Development stage).

4- Attend to live navigation/ tracking system with the **Hunter** over 3G/4G/ 5G, WLAN, WIFI etc.

5- Job application form – Need to add Gender, city, country, area radius and Profession column (seeking will be based on this word/ profession by Hunter and remove message column from this form). Documents to be attached to identify the applicants identity.

Registration Form – Photo, Location, Gender, Date of Birth and Profession to be added. Simplification suggestion may require from THE WEBCLOUD?

Sign up with email address & password with password and login name details retrieval options

6- Option to login with their face book ID/ LinkedIn – with an option to invite friends from same profile to avail subscription promotions with the main applicant code.

7- Gender and region is an important function on this section Hunter will seek employee through this.
Registration for Global Locations must be able to register with their global country codes;

Project Scope

The project main objective is to ease the process of Entrepreneur market globally; a system which could help an individual or an organization to find the best match for their requirements in the respective fields of their experience in the organization or for the organization. To provide thorough, crystal and comprehensive solution which would avoid waste of time, money, area to occupy, third party involvements, unnecessary charges, cheat in the job market by any individual/ organization. The solution where an applicant/ candidate and Hunter would sit face to face, express each other demands and requirements, acceptance / rejection on the spot and seek another potential candidate in not less than seconds/ wait for call which best suits the employee requirements. A place where both Applicants and Hunters have been given equal opportunity to find what suits best.

Communication and Reporting

a)   Internal communication and reporting: ensure that all information is available to those who need it among the SDKTeam
– Twice Weekly Skype meeting shall take place and all has to be appeared unless there is any valid or acceptable reason to make it clear among SDKTeam
– Need to create separate and private communication system among SDKTeam for all the members to make it more private and effective
– Each time project reach to the next level which shall be determined by SDKTeam must be communicated and share obstacles and success in achieving the level
– For every successful completion of level/ Phase all members should be submitted and admitted to it
– Skype as an initial source of communication unless or until we found out other source of communication shall be utilized as one group.
a)   External communication and reporting:
– No information shall be disclosed to any third party unless and until it is been discussed with all members of team and specially to Danish and strictly prohibited to share any information to anyone even close friends regarding this project until or unless we accomplish and bring it in to market.
– On successful completion of project SDKTeam on direction could Sign up Hunter application at choice of their place/ Instruments which shall have to be decided at the completion of the development phase.
– After development phase and on successful installation of Hunter App (HA) to their respective place a monthly,

quarterly, half yearly and annually visit would be compulsory at the initial stage of development phase until we find out the service provided is as per SDKTeam initial plan.

b) Note: Further points to be added after discussion with SDKTeam.
